

CALL FOR PAPERS

TESOL Conference 2025

Theme: *Teaching English with INTESOL in an Artificial Intelligence World*

📍 **Location:** Ho Chi Minh City, Vietnam

📅 **Date:** 5th - 6th August 2025

Conference Overview

INTESOL Worldwide, established in 1993 in the UK, is a distinguished provider of TEFL (Teaching English as a Foreign Language) and TESOL (Teaching English to Speakers of Other Languages) certification courses. Our mission is to empower individuals from diverse backgrounds to achieve fulfilling lifestyles through teaching English abroad. Our aim is to develop confident, well-resourced, professional ESOL/EFL teachers

Artificial Intelligence (AI) has emerged as a transformative force in education, reshaping how English is taught, learned, and assessed. The **TESOL Conference 2025, hosted by INTESOL Vietnam, VEDUCON** in partnership with our sub-franchised in Vietnam: **Ho Chi Minh City University of Foreign Languages and Information Technology, HEW London Teacher Training Hub, and the Center for Education and Digital Technology Development – Hanoi University of Education**, provides a dynamic platform for educators, researchers, and practitioners in the INTESOL community to explore how AI-driven tools, methodologies, and pedagogies are revolutionising the field of TESOL.

This conference seeks to address **the benefits, challenges, and ethical considerations** of integrating AI in English language education. We welcome research studies, case studies, and practical workshops critically examining AI's **role in language teaching and learning**.

Conference Topics

We invite contributions that align with the following four key areas:

1. AI and TESOL: Innovations in English Language Teaching

- AI-powered tools for language acquisition and learning support
- Chatbots, virtual assistants, and automated tutors in TESOL
- Adaptive and personalized learning technologies

2. The AI Revolution in TESOL: Teaching, Learning, and Innovation

- AI's impact on teaching methodologies and curriculum development
- AI in teacher training and professional development

- The ethical dimensions of AI in education

3. Harnessing AI in TESOL: Opportunities and Challenges

- AI in assessment, feedback, and learner evaluation
- Addressing biases and limitations of AI in language education
- The role of AI in supporting non-native English-speaking teachers and learners

4. Teaching English in the Age of AI: Perspectives and Practices
